

Spiritual Healing for the Healers of the World

INTERNATIONAL TRAINING

WITH

Ron Young

November 11-16, 2018

**Kripalu Center for Yoga & Health
Stockbridge, MA, USA**

THIS TRAINING is offered to healers of all traditions and practices, including traditional healers, physicians, psychotherapists, educators, artists, researchers of truth, and to all who are called.

In this advanced six day immersion training, **Spiritual Healing for the Healers of the World**, Ron offers **The Greater Spiritual Field of Life** to the participants to move into for a deeper understanding of correct place and posture in relation to Self, God and Spirit. From here we call forth those imbalances through which the Healer carrying the posture of the "Strong One" has depleted and diminished his/her self through service to others. This diminishing of self comes through unknowingly carrying the pain and the anguish, the guilt, shame, failure, and responsibilities, of those to whom Spiritual Service has been offered. This process of internal reorganization through the agency of God, Spirit, and Grace, empowers the Healer to realize his/her Greater Service to Life.

ALL WHO ARE CALLED ARE WELCOME.

*Beneath the breath of the world
Beneath the sorrows and the prayers of the heart
Beneath that which is seen and that which remains unseen
The Great Mystery is calling us*

Ron Young

RON YOUNG Ron Young's work is the product of a lifetime of investigation into the Nature of Reality, and the outcome of many, many thousands of hours of guided spiritual development by his Teachers, and by the Grace of Spirit. For Ron, the work was and remains a full and continuous immersion; and is also the product of many years of unceasing service with those seeking guidance, healing, and creative visioning. Ron's work as a Spiritual Guide is to develop those with him by bringing each trainee "Home— to their Spirit Within." This movement to Self is a patient and gradual unfolding founded in the Power of Love. The revealed gifts and the journey are unique to each individual. There are no carbon copies of the Teacher-Guide. It is the Teacher-Guide's spiritual duty to reveal each student to himself, and to help each develop the gifts endowed by Spirit for the incarnation. Ron's teachers had no techniques—they had only the Ocean of Creation in which they each lived and consciously demonstrated with Spirit what was possible beyond the confines of human intellect and its science of informed reality. In this work as given by Ron through the model of his teachers, is the inherent abyss, which remains impassable for the majority of seekers. There is no technique with its accompanying comfort zone that gives a degree, a title and a form. The work is achieved by looking inside the world of appearance to see what is. From this place of direct perception with Spirit, untainted from desired outcomes, the work is done.
