*St. Francis*

I cannot promise you  
the beauty of a rose  
without thorns,  
for that is the grace of the One  
who bestows the Garland of Life  
but this bread that I give to you is the seed  
from which grows the tree whose boughs bend  
to touch the earth with ripened fruit.

You do not know My voice  
for it is hidden  
in the secret of the Unfolding,  
where you will find the Great River  
sounding forth, roaring through  
the Gates of your Heart.

Do not search for Me in Love  
for it is only My perfume,  
the fragrance I leave  
to let you know  
I am here.

*Beneath the breath of the world  
Beneath the sorrows and  
the prayers of the heart  
Beneath that which is seen  
and that which remains unseen  
The Great Mystery is calling us*

**ASSISI**, and its surroundings hold the luminosity of St. Francis and St. Claire. In this place symbolic of the integration of Heaven and Earth, Sacred Man and Sacred Woman, our work will be focused on opening from within the Essential Self.

**FRANCIS AND CLARE** From within each of the world's spiritual traditions, there have appeared the Great Ones who demonstrated the teachings of their tradition not as dogma, but as active entryways to the Living Presence of God. The life of Saint Francis represents the ultimate teaching of discipleship and is the fulfillment of the axiom that in order to lead one must learn to follow. Unlike the great majority of spiritual aspirants, Francis represents the disciple who goes direct to God without delay, he does what is most difficult: He follows the instructions from the Master as they are given without interpretation. Without seeking a personal comfort zone, be it-psychological, emotional, or material, he goes forward.

Through Revelation, Francis follows the inner Movement of God from within leading him step by step into the Unknown with complete trust. Externally he lives in complete poverty, receives each given task without ownership or need of recognition- and remains firmly in the embrace of his Beloved as the inner unfolding brings him into union with Jesus. Finally, after manifesting all of the miracles of Jesus, his identification with Jesus is so complete it is imprinted into his material body as the Stigmata of Jesus.

Against the will of the Church and the World, Claire takes the poverty of Francis, demonstrating the power of the feminine to follow the instructions of the Father-Mother God without interpretation. Claire demonstrates the power of the feminine fully surrendered to God's Grace and Will with complete internal trust, in the midst of extreme circumstance.

**This advanced 6 day retreat is being offered to all who have studied with Ron or given permission by him to attend.**

**The Holy Spiritual and The Sacred Spiritual Constellations**

In this training we will experientially enter into the Greater Love, The Greater Wisdom and the Greater Power through which we as Spirit Intelligence having taken the Human Descent, are emanated. With the Holy Spiritual and the Sacred Spiritual Constellations, we are entering into contemplative movements of the Great Intelligence from which and through which the universe is emanated. With the Holy Spiritual Constellations we will enter into contemplative movements with the Builders of the World, those intelligences that bring into being and maintain the multitudinous forms of Life's Emanations from God-Absolute as it is reflected and distributed through the Worlds of Existence. In the Sacred Spiritual Constellations we enter into contemplative movements with the Guiding Intelligences specifically focused on the Human Spiritual Descent and Evolution. Through this guidance the human evolution is systemically moving towards bringing to earth a reordering of the human possibility of Manifested Reality opening through Love-Compassion and Wisdom grounded in Power.

**This unique training will be a combination of in-depth meditation on the Essential Self through the archetypes of the Sacred Man and the Sacred Woman opened to us by St. Francis and St. Clare.** We will also work deeply with the Sacred Spiritual Constellations and the Holy Spiritual Constellations. Our intention is to leave this training grounded in the reality of deep trust in our inner perceptions and movements, guided by God and Spirit within, welcoming the opening to the sourcing movements of the Creative Intelligence within us, as we daily face the unknown future.
