

Ron Young

Spiritual Guide, Healer, and Creative Visionary

Who is Ron Young?

Ron's work is the product of a lifetime of investigation into the Nature of Reality, and the outcome of many hundreds of hours of guided spiritual development by his Teachers, and by the Grace of Spirit. For Ron the work was and remains a full and continuous immersion. The work is also the product of many years of continuous service with those seeking guidance, healing, and creative visioning.

Ron's work as a Spiritual Guide is to develop those who study with him by bringing each trainee "Home- to their Spirit Within." This movement to Self is a patient and gradual unfolding founded in the Power of Love. The revealed gifts and the journey are unique to each individual. There are no carbon copies of the Teacher-Guide. It is the Teacher-Guide's spiritual duty to reveal each student to himself and to help each develop the gifts endowed by Spirit for the present incarnation.

Ron's teachers had no technique. His teachers had only the Ocean of Creation in which they each lived and consciously demonstrated with Spirit what was possible beyond the confines of human intellect and its science of informed reality. In this work, as given by Ron through the model of his teachers, is an inherent abyss that remains impassable for the majority of seekers: there is no technique to grasp upon, with its accompanying comfort zone that gives a degree, a title, and a form. The work is achieved by looking inside the world of appearance to see what is. From this place of direct perception with Spirit, untainted from desired outcomes, the work is done.

The work in all of its applications is based on the willingness of the applicant to follow the movement of consciousness as it opens within: with humility, compassion, trust and fearlessness, joined with ruthless honesty and the willingness to persevere.

Ron's work as a Spiritual Healer

During the 33 years that Ron has been blessed to work with the seriously ill there have been countless healings through God's Grace. Many who have come to his door, often sent by physicians, were deemed "beyond the help of modern medicine", yet through the intercession of God's Grace they live today. Nine, ten, twelve years later these clients remain disease free. The physicians call these individuals "Miracle People."

Not all who come for healing are "seriously ill." Many arrive for a revision of life with its innate purpose and sense of self reborn. Others seek the reorganization of the structure of life within family and relationship. In most cases we see the anguished-self, that was carried within deeply broken, becoming the foundation for a compassionate life, opening outward with trust and vulnerability.

Ron's work in Creative Visioning

Ron began this work in 1980 with professionals in the Creative and the Performing Art. He taught them the tools for stabilizing within their Creative Self. The majority of the participants went on to achieve both great recognition and the highest awards in their individual creative fields. Over the years Ron has expanded this work to include all avenues of life and all professions.

The Teachers of Ron Young

Ron's formal training began in 1972

▶ 1972-1976 Nicolas Buhalis

His spiritual life opened during his four-year apprenticeship with the Greek American artist Nicolas Buhalis. Under the guidance of Nicolas, Ron began "seeing" and spontaneously entering into the Living Creative Universe.

▶ 1976-1988 Hilda Charlton

Ron's life entered into years of traditional yogic development based in Advaita Meditation, under the auspices of the Spiritual Master and Healer Hilda Charlton whom he considers his "Root Teacher."

Apprenticeship with two master healers:

▶ 1981-1988 Orestes Valdez a Cuban brujo and healer

▶ 1983-1986 Yolanda Betegh an extraordinary Hungarian healer

It is through the grace of these four teachers and their many years of demonstrating the Reality of Spirit, their profound guidance based in Love, and many hundreds of hours of hands-on work that they devoted to him, that Ron became who he is today. *(Note: In 1988 Hilda, Yolanda, and Orestes, left their material bodies within months of each other.)*

▶ 1987-1995 Dr Stylianos Atteshliis The Magus of Strovolos

The years of training with Hilda, Orestes and Yolanda, were to culminate in Cyprus with the Spiritual Master Dr. Stylianos Atteshliis. Here all of the trainings and the diverse traditions in which Ron had been previously immersed created a powerful foundation for what he was to receive from Daskalos. Ron worked closely with Daskalos from 1987 until his crossing over in 1995.

▶ 2006-2010 Dr. Bert Hellinger

Ron worked closely with Dr. Bert Hellinger, the Father of Family Constellations, and his wife Sophie Hellinger, in Europe and the Americas from 2006 to 2010. During that time, in conjunction with the work of Dr. Hellinger, Ron developed The Healing Constellations, The Big Field and The Deep Field Constellations - a form of direct intervention with Spirit for full Regenerative Healing for those dealing with life challenging situations. Ron also developed the Holy Spiritual and the Sacred Spiritual Constellations. These constellations allow the participants to enter directly into The Greater Love, The Greater Wisdom and the Greater Power through which we as Spirit Intelligence having taken the Human Descent are emanated.
