## Prayer for the New Year

In  
this  
New Year  
may we embrace all people with  
the embrace of compassion,  
beholding God  
equally  
within all people.

May the abundance of God  
reveal itself  
through each person  
as the fulfillment of  
understanding, wisdom, and love.

In this renewal,  
living life as we dream of seeing it lived,  
may the Earth and those who live upon Her  
be reborn  
in  
Peace.

Your brother,  
Ron

January 2005

Dear Friends,

Enclosed please find my teaching program for 2005.

This year I am offering a three level **Recovering from Serious Illness** training beginning January 28. Also, **Living in the Presence of God with St. Francis of Assisi** will be offered May 1-7. Assisi is a profound place of pilgrimage to the Self. This training is given once every 3 or 4 years.

For those of you who wish to attend the **Healing Wisdom Training** – offered for those who seek to develop themselves as healers, please note you can attend the training in Montreal or Italy (see calendar). After this year I will be reducing my teaching program so I may attend to other projects.

**SUGGESTIONS FOR THE NEW YEAR:**

- Everyday touch your toes with your heart. Keep your heart flexible with the generosity of love, forgiveness and giving freely – you'll live to be a thousand.
- Most importantly, don't forget to develop your sixth sense: Humor – it will save your life.
- Lastly, thank God all day long for all the opportunities to stretch your heart – embracing life and all that is given.

I wish all of you Fulfillment within God manifesting as Abundance, Love, Wisdom, Health, Beauty, Joy, Laughter, Fun and all that you Dream in this coming year.

Your brother,  
Ron

**NEW DATES**

## WORKSHOP with RON YOUNG

# Recovering from Serious Illness

As of now the new Recovering from Serious Illness Training program is:

**PART 1** February 24 – 27

**PART 2** May 26 – 29

**PART 3** June 23 – 26

- *The Sisters of St. Mary Villa Sloatsburg NY* (one hour north of NYC)
- The trainings begin at 3pm on Thursday and finish between 4 and 5pm on Sunday.

This training has grown out of twenty years of working with the seriously ill both on an individual level and in spiritual retreat settings. It is designed to assist those persons seeking recovery from various stages of serious illness to actively participate in their healing process and full recovery.

In this three-part training we will work to understand the complexity of illness from a global spiritual perspective inclusive of psychological, social, environmental, and biological viewing points.

We will investigate the structure and hypnosis of the personality, its underlying mental attitudes, subconscious and unconscious construct, we so eagerly call ourselves, and begin to understand this label we call "ourselves" to be more accurately described as the Habit of Ourselves.

As we investigate we will begin to understand the depth of self-inflicted violence with its underlying trauma, pain and anguish, the inherent contraction of both the manifesting active life force within and through us and the subsequent contraction within the mental, emotional, and physical structures we embody and reduce to the Habit of Ourselves.

Having understood through both active investigation and experiential entry our mechanical models of generating the Habit of Ourselves, we then move to the Super Self-Conscious Reality of our Spirit-Soul Nature. Based in Love and Compassion we enter into active Regenerative Healing with God's Grace and Mercy, revealing what we are in our creative wholeness with God where we are shown what is truly possible.

### RETREAT INFORMATION

This is a residential intensive offered at the beautiful Sisters of St. Mary Villa in Sloatsburg NY, one-hour north NYC.

The diet offered will be natural vegetarian cuisine with non-processed foods. Please notify us if you have special food considerations.

### PLEASE BRING

1. Casual warm clothing
2. Clothes for daily movement class
3. Note book
4. Drawing pad 18"x24"
5. Soft pastels, colored pencils
6. Recording device if desired

### PAYMENT AND REGISTRATION

Registration and confirmation is required by phone or email with Ron Young. A deposit is not required, payment will be accepted in full at the workshop.

### FEES

WORKSHOP \$600.00 per retreat

ROOM AND BOARD \$150.00 per retreat

**NOTE** – This training is presented in three levels- attendance at all are required. Before the onset of the training please understand that the work of healing requires your commitment, compassion, forgiveness, patience, fortitude, and perseverance for yourself and above all else the manifestation of God's Grace – which is always with us. A teaching given without God's Grace is an incomplete teaching for it deposits the reality of possible futures within the history of the Habit of Ourselves (the original image of the blind leading the blind).

For those seeking healing in this work, investigation, exploration and application is required. This means a spiritual practice of particular work through which you will develop your connection, your communication and doorways of entry into the Creation to see what is truly possible with God. This will require a commitment of two to three hours per day of self-healing work. Between each training segment, there will be an additional forty to sixty hours of assigned work.

The majority of those who have taken this training during the last nine years and actually done the work on a daily basis have gone into remission and by God's Grace remained so.

**If you cannot make the commitment to yourself to do either the daily work or the assignments, do not apply for this course.** This particular work will reorganize you very deeply and is not for those who want to be primarily comforted, pitied, or spiritually entertained.

Lastly, those who come to work with me with an apparent serious illness must be under the care of a competent physician or physicians and receiving treatment for their apparent illness. There is no contradiction within the diverse manifestations of the healing traditions and modalities available to us, all are manifestations of God's Compassion and Mercy.

*Your brother, Ron*

## WORKSHOP with RON YOUNG

# Living in the Presence of God Saint Francis and Saint Claire of Assisi

May 1-7, 2005 – Assisi, Italy

The lives of Saint Francis and Saint Claire represents the ultimate teaching of discipleship and is the fulfillment of the axiom that in order to lead one must learn to follow. Francis represents the disciple who goes direct to God without delay, he does what is most difficult, he follows the instructions as they are given by the Master without interpretation, and without seeking a personal comfort zone, be it-psychological, emotional, or material.

Claire in imitation of Francis demonstrates the power of the feminine to live in complete poverty externally with nothing, she is fulfilled within God. Claire as the sacred Female builds the community in a cloistered setting and having established herself within the Beloved, remains there.

From within each of the world's spiritual traditions, there have appeared the Great Ones who demonstrated the teachings of their tradition not as dogma, but as active entryways to the Living Presence of God. In his life, Francis demonstrated all of the miracles of Christ and identified so greatly through his love of his Beloved that he became one with the Crucified Christ, receiving the stigmata as evidence. After his death he was referred to as the Second Christ.

Though he was known as Francis of Assisi, he was rarely to be found there as he walked thousands of miles giving the word of God to the peoples and rejoicing in the beauty of God's Creation. Francis rejoiced in the presence of God in all things, openly communicated with all of God's creatures and chose the most beautiful places in nature to be alone with his Beloved.

Join us in Assisi for seven days of exploration into the essential self as revealed by Francis. We will experientially enter the doorways Francis and Claire have left open for us to touch the Heart of Creation. This workshop includes two days of pilgrimage outside of Assisi to sacred sites Francis frequented.

Open to Researchers of the Truth from all spiritual traditions.

### ASSISI PREPARATION

This year the journey to Assisi will coincide with the full Medieval Festivals, a week of celebration when Assisi today is transformed to Assisi of 1200 AD. It's a very special time to be there.

We suggest you arrive in Rome and from there take the train to Assisi. For travel take *Let's Go Italy* or *Lonely Planet Italy* as a guidebook. Arrive in Italy one to two days in advance to give yourself time to adjust from jet lag and to spend some time in one of the world's most beautiful countries.

Help will be given to arrange for travel and board within Italy outside of the workshop dates.

At the workshop we ask you to dress casually and comfortably. May can be cold and rainy, but mainly we expect to enjoy many warm and sunny days.

Ron Young is a spiritual guide and healer. Through his work Ron opens the doorway for all to experience the Presence of the Beloved within themselves and offers the opportunity to use the heart and mind as instruments to manifest God's Grace and Mercy for the benefit of all.

In 1983 Ron began teaching the Path of Love and Surrender to God, and demonstrating God's Active Grace through the Gift of Healing. These healing manifestations for the seriously and chronically ill are well documented.

This teaching opens through the portal of God's Love and Compassion. Through this door we enter into and express the fulfillment of our Spiritual Nature allowing us to live fully in the Presence of the Beloved without separation.

Ron is presently giving two series of trainings in the U.S., Canada, and Europe. The first is the **Living in the Presence of God** training given to those who are seriously seeking to manifest the fullness of their Nature and live in unity upon the earth. The second, **The Healing Wisdom Training** is a God based training developing healers to enter deeply into Creation, into Absolute Beingness to manifest Regenerative Healing for others.
