AUTUMN - WINTER 2020

ONLINE MEDITATION SERIES

with Ron Young and The Healing Wisdom Team

ALL WHO ARE CALLED ARE WELCOME

Dear Friends of Healing Wisdom, I welcome each of you with gratitude.

We began online meditations on March 26 in response to requests from students and friends worldwide. On July 28, when we completed our 31st meditation, **over 600 participants were sitting together from the Americas, Europe, the Middle East, Asia and Australia!** What began as a request from a few became a worldwide-international community. **How beautiful is this unfolding from the Heart of Compassion of everyone who came to each sitting?**

I was trained in the oral tradition. As a student, one arrived to the teacher and received the transmission and then sought with all of one's possibility, and the ***Grace of Heaven and Earth***, to realize the offering received through the teacher's spiritual reality. **The work of the little ones before the great ones is: to follow.** In this way I moved and continue to move "forward" by ***following***. By ***following, always*** going only where invited, the inner movement of ***Spirit*** arrived through the ***outer invitation*** of the people. The **Healing Wisdom community** has grown and developed into a mature body of spiritual service. Following brings great success.

When the pandemic arrived, the way I was led to work was upended. As stated above, by necessity, in a direct response to the movement of love of those who requested online meditations and teachings, the work continued "forward" as I continued to follow. Fortunately, the **friends of Healing Wisdom** were sufficiently developed as to enter deeply, not into the hypnosis of the virtual reality of the screen, the web, and the fear and hate voices of the world, but into the ***One Reality of Life***. Each had the power of perseverance, the compassion of their nature, and most importantly, the ***Grace of Source*** to maintain themselves each as a locus for the ***Creative Intelligence*** grounded in the ***Power of Love-Compassion*** to move through.

In a world of extreme and continuous opposition and death, each embraced through the fullness of their nature their loved ones, their community, and the world in which they lived perceiving within all the **Beloved and the Loved One**.

SUPPORT HEALING WISDOM ONLINE MEDITATION SERIES

To make this online model sustainable we need to respect and support the organizers, translators and creative artists

For this beautiful work to manifest we have received a profound and generous offering of support and service from the three organizers, nine translators, and the numerous creative artists who assist at each session in taking us forward with great success. Due to the extraordinary response to the meditations, **it now takes over 50 hours per week just to organize these sessions** including the time-consuming translations of all documents. The organizers and translators are the key to our success, their work is very difficult. Without them, nothing is possible at this level.

I was taught by both my root teacher Hilda Charlton, and by Dr. Bert Hellinger, to make sure that the balance of giving and taking is equal, or success will not arrive in the movement forward. In many spiritual groups you see extreme one-sided behavior, here we are called to work in the circle of love and respect, honoring and supporting each other.

SUPPORT the Organizers and Translators

Given the time and complexity of what is required for the meditations to magically and seamlessly ***go forward, I ask each of you who feel called and are able, to make a weekly donation from within your comfort zone as an offering of your support and gratitude*** to the organizers and translators.

SUPPORT the Creative Professionals

For the creative artists, as you will see below, we are organizing monthly concerts to assist in offerings to them. Again, ***please donate from within your comfort zone for them*** during the concert each month.

MEDITATIONS with RON YOUNG

All Spiritual traditions are welcome and in respect to each tradition, we ask each practitioner to enter to ***Source*** through the pathway given to them.

We are not here to create a new religion or spiritual tradition.
We stand welcoming all who are called from all traditions equally.

TUESDAYS

MEDITATIONS with SARAH PECK: *INNER PILGRIMAGES*

I feel it is important to also include openings to the **Divine Feminine** in this meditation series, to this end I have invited Sarah Peck, my partner and co-worker to lead Tuesday meditations. She will be offering ***Inner Pilgrimage Meditations*** into the unknown landscapes of our Greater Nature for deeper reorganization and becoming manna for this world.

A VERY, VERY SHORT BIO

Most of you know Sarah as the quiet one who runs the zoom entry at each meditation and takes care of the online difficulties to assist in creating an effortless program at each gathering. For those of you who have not personally met her, Sarah has maintained an intensive spiritual practice for twenty years of hours per day that has sustained her spiritual service and teaching.

For over 10 years she has been a reference for several hundred students who have attended her meditation trainings in the New York area. At Columbia University in New York City, she was the Director of the Spirituality Mind Body Masters Degree Program that she built, through which students were offered experiential education in diverse spiritual modalities for developing therapy, healing, education and business programs.

Continuing forward she received her doctorate at Columbia University, by creating a landmark research study on spiritual healing.

*Lastly, Sarah is an adept of **solo walking pilgrimages**. For her, the pilgrimages are four to five weeks of **solo walking meditations**, not social events. She has walked the Shvil Yisra'el, Israel, the Via Francigena, Italy and the Camino de Santiago, Spain.*
