

International Intensive Beloved Mother Meditation

with **Ron Young**

ONLINE - May 13, 2023

Many spiritual seekers have spent years at the door of their greater nature with a sense of being in some way locked out of the **Compassion Heart**. Many remain with a sense of distance to Self, in an endless state of waiting for the "great opening," its embrace and reception.

As this **Mother's Day** arrives, let us take the opportunity to enter, and experience the greater movement of the life field we have each spiritually received through **Her** agreement to our request to incarnate. Let us explore the reality which stands behind and within the **Mother** who offered **Her** generosity to us, as the bearer of life, clothing us and birthing us into the

Earth-Gaia field through **Her** compassion, generosity, and abundance. We give ourselves the permission to be received through **Her** continuous emanating compassionate agreement to all that we are and to our success. We open from within, surrendered to **Her**, following **Her** to the greater seat within the **Compassion Heart** of our nature, **Home Within**.
